upcycle a can into a pretty pencil holder- buttons

Buttons,
Twine
& Fabric

Turn an empty
can into a pretty
little pencil holder

**Materials you need to
upcycle the can:**

- Craft glue (Beacon 3 in 1)
- Fabric
- Buttons of your choice
- Twine: 2 colours
- Scissors
- Pen

Steps to make your own button embellished upcycled can pencil holder:

1. Measure and cut fabric to fit the outside of the can.
2. Cover the can with your choice of fabric, adhere with glue.
3. Add a swag pattern to the top of the outside edge of the can using glue and twine.
4. Adhere buttons in place, alternating colors.
5. Make small bows of twine and glue at the top of each swag.

glue twine to can

create a scalloped swag design with twine

add buttons to twine

add more buttons

make a bow out of twine and glue on the can – I got a little too much glue on my fingers

The best part about upcycling empty cans is that they are small. This smallness allows you to use your left over craft scraps to make some neat, decorative containers. Mix and match your scraps with your favorite button colors to create a whole collection of pretty pencil holders and other organizing containers. Plus these are easy enough that your kids can make their own too.
